Text of "statement of purpose:"

Voting for Peace and Freedom Party candidates means voting to stop the killing now and end this stupid, brutal war. Our party saw through the lies and opposed this war from the beginning. Vote for immediate withdrawal from Iraq and Afghanistan!

REPUBLICAN PARTY

Republicans are proud of the leadership provided to our state by Governor Arnold Schwarzenegger.

Governor Schwarzenegger eliminated the car tax that crippled Californians. His economic policies have helped create over 450,000 new jobs in California. His program for workers compensation reform has saved businesses money, and has kept jobs in California.

Now, through his Strategic Growth Plan, the Governor is laying the groundwork for a systematic program of fixing our roads and bridges and rebuilding California's infrastructure, all without raising taxes. This will attract new jobs and new opportunities for future generations of Californians.

The Republican Party, under the leadership of Governor Schwarzenegger represents the best chance for freedom and opportunity for every Californian.

Re-electing our Governor, and other Republicans to office will help ensure schools that are safe and accountable; hold the line on taxes; and keep growing California's economy. Join us in helping build a better California that provides opportunity for our families today, and for future generations.

The Green Party of California

The Green Party is a values-based, international political phenomenon, with thousands of officeholders worldwide in elected municipal, county, and federal public offices. Since 1992, the Green Party of California (GPCA) members and candidates have promoted and represented Green Party key values for California voters.

The 145,000-strong GPCA membership is an integrated federation of community-based Locals and Regional Councils. Consensus and gender balance ideals prevail. General Assembly delegates convene semi-annually at plenaries to explore and discover political policies that will realize Green values, among them, living wages, affordable health care and housing, and an end to the war in Iraq.

Green volunteers populate GPCA committees and working groups that interact to build party membership, elect Green candidates, manage finances, advise on rules and procedures, and publicize party policies. Greens advocate for electoral reforms such as proportional representation, instant run-off voting, and publicly financed campaigns, which maximize representation, save resources, and create a level candidate playing field.

GPCA caucuses include Labor, Disability, Lavender, Black, People of Color, Ethnic Minority, Rural, Candidates, Women's, Campus, and Secular Greens.

The Green Party of California offers voters the attainable politics of peace, ecological wisdom, and social justice.

Vote your conscience. Vote Green.

Libertarian Party

The Libertarian Party is as American as apple pie. Like you, we have jobs, businesses, families and dreams.

If you describe yourself as socially tolerant and fiscally responsible, you're a Libertarian!

We believe that *you* should decide how to run your life, checkbook, retirement, children's education and family - *not* government bureaucrats.

We're working toward a government that taxes and spends less - a government that won't interfere in your personal life - the government our Founding Fathers envisioned when they created this great country.

Top Priorities and Values:

- Reducing taxes so you and your family can keep more of what you earn.
- Offering parents more options on educating our children.
- Protecting our neighborhoods by focusing law enforcement on violent crime.
- Making health care affordable by freeing doctors from abusive lawsuits.
- Creating more and better jobs by reducing regulations on small business owners.
- Recognizing self-defense is a right, not a political favor.

With over 60 elected Libertarians in California and over 525 officeholders countrywide, we're a real and growing choice.
